

Founded in 1974, Heilind Electronics has more than 40 locations in China, Singapore, the United States, Brazil, Canada, and Mexico. Heilind Asia Pacific commenced operations in Dec 2012, and now has 4 legal entities throughout Asia, 23 sales locations and 5 warehouses (Hong Kong, Singapore, Suzhou, Taiwan, Malina) throughout Asia.

Heilind supports both original equipment and contract manufactures in all market segments of the electronics industry, stocking products from the industry's leading manufacturers in 25 different component categories, with a particular focus on interconnect, electromechanical, fastener/hardware and sensor products.

Heilind Asia Hardware offers fully customized, customer-centric solutions to support your business including supply chain management, inventory management, and value-added services.
