

Introducing the *WITBH*— Blind Hole Mounted Cable Ties

Features and Benefits

- Barbed mounting head grips to the inside of a hole
- Ribs deflect when pushed into hole then spring back for a secure lock
- Easily inserted into threaded, non-threaded, drilled or punched hole
- Can be mounted to a variety of materials: wood, threaded metal, particle board, plastic, foam or rubber
- Reduces the number of inventoried parts by eliminating the need for a cable tie mount
- 50 Lb. (22 Kg) Tensile Strength
- Available in standard Nylon 6/6 and Heat Stabilized Nylon 6/6, serviceable to 286° F (141°C)

Markets

- Consumer Electronics
- Automotive
- White Goods
- Telecommunications
- Medical Equipment
