

Richco®

OPTICAL FIBER BRACKET-BLIND HOLE

NEW PRODUCT RELEASE

Richco Inc. introduces a new addition to their line of 2mm fiber cable holders. The Optical Fiber Bracket-Blind Hole (OFB-BH-6-19) holds up to 6 - 2mm jacketed fiber cables for routing. The OFB-BH mounts into a 7.92mm (approx. .312") diameter hole in a 6.35mm (.25") minimum thick panel. The OFB-BH will mount securely into a blind hole in wood, threaded metal, particle board and rubber holes. Manufactured in UL94 V0 rated material.

Material: Flame Retardant Nylon, RMS-19
Color: Natural

Standard Pack: 1000 per bag
